Auto Theft Investigations

Adjuster Corp investigators engaged in auto theft investigations are highly experienced former police investigators. These investigators have undergone comprehensive training programs to ensure they are equipped with the latest identification and investigation techniques available. Adjuster Corp investigators are affiliated with the International Association of Auto Theft Investigators (IAATI).

We satisfy a client base who is looking for investigative excellence and a more modern and intuitive approach to claims investigation. We have unique, intelligence driven methodologies derived from years of experience in detecting recidivist property crime offenders.

With our advanced analytic systems including access to monthly metropolitan aerial images with advanced aircraft fitted Hyper Camera 2 technology, we can quickly test the validity of claims and formulate pointed investigations.

Our industry leading, technical resources and modern investigative methods ensure our clients get the most accurate and reliable information necessary to process claims.

We strive to be a true 'value add' partner in managing the loss ratio by providing a robust intelligence driven investigative service far apart from the antiquated methods being used by our competitors.
