

# FACTUAL & LIABILITY INVESTIGATIONS

Criminal

Public Liability

Commercial

Insurance

Adjuster Corp operates as a registered liability loss adjusting firm under the professional charter of the Australasian Institute of Chartered Loss Adjusters (AICLA). In addition, our factual investigators are state licensed and hold extensive credentials with decades of experience within the Insurance, criminal and commercial sectors. We have a combination of former police investigators, criminologists and liability adjusters on staff to ensure each investigation is dealt with professionally and accurately.

Adjuster Corp is the preferred investigative service provider for Australia's largest, industrial special risk insurer and their legal representatives. We service a full spectrum of insurance, corporate and law firm clients, for all matters which require collection of evidence and accurate factual reporting.

Adjuster Corp is well acquainted with and instructed by many state and national Insurance law firms. These law firms regularly provide our team with liability instructions under legal and professional privilege due to the sensitivity or complexity of claims. We understand the legal process and the expectations of legal practitioners overseeing litigated matters, regardless of the circumstances.

To complement our liability and factual investigative team, we also provide expert surveillance services when required.

Our professional offices are located in the Southport Central Towers on the Gold Coast, housing our claims management team, which coordinates operations nationally.

For further information or to instruct our team to undertake investigative work please contact our office directly or send email correspondence to: [admin@adjustercorp.com.au](mailto:admin@adjustercorp.com.au)

Adjuster Corp has conducted liability investigations into a vast range of simple and complex matters across Australia, including but not limited to:

- Tower crane collapses with and without fatalities
- Heavy vehicle accidents with and without fatalities
- Train crashes with and without fatalities
- Tanker explosions
- Excavator rollovers
- Commercial accidents
- Industrial accidents
- Criminal defence
- Slip and fall incidents
- Motor vehicle accidents
